# The Nikki Visaj Movement and The Glow Squad show

**Join us for an unforgettable experience during Fringe Festival week!**

At the Nikki Visaj Movement, we're on a mission to inspire children across Australia to embrace the joy of movement, cultural appreciation, and holistic well-being. Our dynamic offerings include dance, fitness, mindfulness, and Indigenous Australian programs—all designed to engage young minds, promote active learning, and celebrate diverse cultures.

A perfect example of this mission is The Glow Squad—an interactive concert for primary school children (ages 5-12) and their families. Created and produced by Nikki Visaj, The Glow Squad features uplifting songs and a script that champions cultural diversity, resilience, confidence, self-love, and the power of friendship. Come ignite your passion for movement, culture, and wellness with Nikki Visaj!
